SUMMARY

Junior Full-Stack .NET Developer with hands-on experience through an ITI summer internship and academic projects. Proficient in C#, ASP.NET MVC, ASP.NET/Core concepts, SQL, and building CRUD applications with Controllers & Views. Passionate about developing clean, reliable solutions and learning new technologies quickly.

EXPERIENCE

ASP.NET MVC Project (.NET)

- Built an ASP.NET MVC application using C# and MVC architecture.
- Implemented CRUD features for main entities using SQL (DB).
- Created Controllers and Views with proper routing and validation.

Summer Training

08/2026 - 09/2026

ITI

Summer Internship (Intern) – .NET

- Worked on Database operations and CRUD using SQL as part of .NET development.
- Performed debugging and bug fixing during the internship to ensure correct application behavior

EDUCATION

Information Systems

09/2024 - Present

Faculty of Computers and Information at Mansoura University - Student
